

Walks with Seniors

Job Description: Field Operations Manager

Job Title: Field Operations Manager

Company: Walks with Seniors

Location: Port Colborne, ON (and surrounding Niagara Region)

Compensation: Starting at \$25.00 per hour

Position Type: Full-Time / Flexible

About Us

At *Walks with Seniors*, we provide active companionship to older adults in our community. We believe that regular movement and meaningful social interaction are vital to a senior's well-being. Our team helps seniors safely navigate outdoor trails, local parks, and indoor walking environments while providing peace of mind to their families through real-time updates.

Role Summary

We are seeking a highly responsible, proactive, and compassionate Field Operations Manager to oversee our team of Senior Walking Companions. As the operational backbone of the business, you will oversee almost all aspects of the company and act as the primary touchpoint for the owner.

Please note: This is a hands-on leadership role. The successful candidate **must be willing to complete initial training and start as a Walker** to fully understand our ground operations and client needs.

Once transitioned into the management role, you will be responsible for overseeing the daily operations of the walking team, executing complex scheduling, conducting regular team meetings, and acting as the primary rapid-response contact. Because our services occur out in the community, you must be prepared to travel promptly to various walking sites across the Niagara Region to resolve scheduling conflicts, emergencies, or client issues as they arise.

Key Responsibilities

- **Business Operations:** Oversee almost all aspects of the day-to-day business operations and serve as the direct touchpoint and reporting line to the business owner.
- **Complex Scheduling:** Master our proprietary company software to manage highly complex, dynamic scheduling and dispatching for the entire team of Walkers and Seniors.
- **Financial & Payroll Administration:** Track and submit necessary financial documents to the accounting department and securely upload bi-weekly paystubs to the employee portal.

- **Hands-On Care:** Successfully complete training and work initially as a Senior Walking Companion; maintain the ability to occasionally cover walks in the event of staff illness or scheduling gaps.
- **Team Leadership:** Organize, schedule, and lead regular team meetings to ensure staff cohesion, review safety protocols, and share client feedback.
- **Rapid Response:** Remain on-call during active operating hours to travel to different walking sites (parks, malls, trails) to resolve on-site issues, support Walkers, or assist in emergencies.
- **Quality Assurance:** Conduct occasional "ride-alongs" or spot checks during scheduled walks to ensure company standards and safety protocols are being strictly followed.
- **Client Relations:** Act as a secondary point of contact for client families, addressing operational concerns, resolving complaints, and ensuring high satisfaction.

Mandatory Requirements & Qualifications

To ensure the safety of our clients and the effectiveness of our team, the following requirements are strictly enforced:

- **Leadership Experience:** Proven management, supervisory, or team leadership experience is strictly required.
- **Vulnerable Sector Check (VSC):** Must provide a clear, recent Vulnerable Sector Check prior to onboarding.
- **Vehicle & Licensing:** Must possess a valid, full Driver's License (Class G) and have daily access to a highly reliable, clean, and safe personal vehicle to respond to off-site issues promptly.
- **Insurance:** Must carry valid auto insurance with adequate liability coverage.
- **Certifications:** Valid CPR and Standard First Aid certification is strictly required.
- **Technology:** Must be highly tech-savvy. You will be required to master and operate proprietary company software to manage complex scheduling, dispatching, and financial document uploads.
- **Soft Skills:** Must possess exceptional problem-solving abilities, a calm demeanor under pressure, and outstanding communication skills.

Physical Demands

The Field Operations Manager must be physically capable of fulfilling all duties of a Walking Companion, including walking continuously for up to 60 minutes, assisting seniors in and out of vehicles, and pushing wheelchairs or walkers. The role also requires frequent driving across the Niagara Region.

Equal Opportunity Statement

Walks with Seniors is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.
